

AMORIM

RECYCLED RUBBER FLOORING

AMORIM CORK COMPOSITES

AMORIM

Amorim is a manufacturer of recycled rubber products, including rolls, sheets and tiles.

AMORIM CORK COMPOSITES

Environmental Commitment

- Annually, Amorim recycles millions of pounds of scrap tires that would otherwise end up in landfills.

AMORIM

Rubber Flooring Features and Benefits

1. Slip Resistant
2. Easy to Install and Maintain
3. Scuff and Stain Resistant
4. Long Life Cycle
5. Shock Absorbent
6. Through Color, not a veneer
7. Extremely Durable
8. Proudly Made In The USA!

AMORIM

WHERE IS IT USED?

AMORIM CORK COMPOSITES

AMORIM

Answer: Amorim Rubber Flooring should be considered anywhere traditional resilient flooring is used, but especially where extreme use and abuse is present.

Fitness Centers
